- English, Urdu

PROFESSIONAL EXPERIENCE

ReactJS Intern

Novadev Solutions | 07-2024-Present

- Developed and maintained responsive web applications using ReactJS, enhancing user experience with modern, interactive UI components.
- Collaborated with a cross-functional team to implement state management solutions and API integrations.

PROJECTS

Todo App

ReactJS, HTML, CSS, JavaScript

- Created a task management application with dynamic task addition, deletion, and completion functionalities using the useState hook for local state handling.

Todo App with useReducer and Context API

ReactJS, HTML, CSS, JavaScript

- Enhanced the traditional Todo app by incorporating useReducer for complex state logic and Context API for global state management, improving scalability and state sharing across components.

Social Media App

ReactJS, HTML, CSS, JavaScript, React Router

- Built a social media application featuring API data fetching, submission, and dynamic routing using React Router. Designed a modern and responsive interface to ensure a smooth user experience.

E-commerce App

ReactJS, Redux Toolkit, HTML, CSS, JavaScript, React Router

- Developed a comprehensive e-commerce platform with advanced features including API data fetching, loading states, and cart management. Utilized Redux Toolkit for efficient global state management and React Router for navigation.
